

WORK OPPORTUNITIES POLICY

Responsible

Senior Educational Administrator and Instructors

Policy

We encourage our students to pursue their career while engaged in the program. We publish the following in our [Student Handbook](#) to clarify how this should be done:

If you have an agent please let them know you are enrolled in this full-time program and need for them to try to schedule any auditions you get, whenever possible, for outside of class hours. We support auditions and bookings as a priority for you but do not accept the missing of full days or entire classes if it is not absolutely necessary. You may be excused for the specific time of your appointment but are still expected in class for the balance of the day.
